Disability Services

Attention Students, Faculty & Staff!

May 19th Disability Services will be switched to the newest version of Accessibility Information Management (AIM) database. Users will continue logging in using ISU's single sign-on as before. Once logged in students, faculty and staff will experience a change in user interface. If you run into any issues during this transition please feel welcome to contact our main office at 208-282-3599.

Disability services provides support to students with disabilities to ensure equal access to education. These services typically include accommodations such as extended test time, note-taking assistance, accessible materials, and physical campus accommodations. The goal is to create an inclusive learning environment where students with disabilities can succeed academically.

Accommodations for students, faculty, staff, or prospective employees.

Instructor Accessibility Resources

The Instructional Technology Resource Center (ITRC) supports ISU faculty and staff in the development of materials and resources that are accessible to all, regardless of ability or disability. In addition, we partner with ISU Disability Services to provide resources for remediating documents and captioning multimedia content.

Sign in to ISU's Single Sign-On (SSO) portal & follow the prompts.

The image shows a mobile-style interface for the Idaho State University (ISU) Single Sign-On (SSO) portal. At the top, there is a dark header with the ISU logo (an orange stylized 'S' and 'U') and the text 'Idaho State University' in white. Below the header, the title 'Secure Sign-On' is centered. The main form area contains two input fields: 'Username' and 'Password'. The 'Username' field has a blue border and a cursor, while the 'Password' field is empty. To the right of each field is a link: 'Forgot Username' and 'Forgot Password' respectively. Below the password field is a large orange 'Sign in' button. At the bottom, there is a section titled 'First Time Here?' with a link 'Claim Your Identity'.
