

Carol Hicks

Math Specialist

Carol Hicks earned her Bachelor's degree from Brigham Young University and her Master's degree from the University of Utah. She has over 30 years teaching experience ranging from Kindergarten to Seventh grade, with a strong focus on mathematics. Her involvement in mathematical studies and curriculum development over the years has helped her develop and refine her use of best mathematical practices. Carol has been a math intervention teacher for both elementary and secondary learners and has recently been working with the Idaho Mentor Program. Carol has a passion for learning and loves to share that passion with those she teaches. When Carol is not learning or teaching, she loves to spend time with her family, especially her grandchildren, or travel on European adventures with her husband Wally.
