

# Angie Reece

Math Specialist

Angela Reece has her Master's Degree in Math & Science Curriculum Development from the Colorado University of Denver. She has taught a variety of grades for the past eleven years with a focus of math as her passion. She has worked as an Instructional Math Coach, grade level lead and curriculum coach. Her passion for growth mindset, collaboration and overall a student driven classroom is displayed well in her classrooms. She is thrilled to join the ISU Math Specialist team to continue to learn best practices and share that knowledge to help impact Eastern Idaho math teachers! In her free time, Angela loves to mountain bike, ski and explore the beautiful west with her husband, daughter and son!

 Office: Idaho Falls TAB 261

 TBD
