

# Veronica Blackham

Region 6 Math Specialist

Veronica Blackham: Dr. Veronica Blackham is entering her seventh year as a Regional Mathematics Specialist for Regions V and VI. Her experience teaching and leading professional development on mathematics education has shaped her passion for the field. Beyond coaching and teaching, Veronica's related experience includes working as a researcher on two different multi-million NSF grants focused on mathematical reasoning and argumentation. Veronica's professional interests currently focus on supporting secondary mathematics teachers as they grow and incorporate changes to their systems as well as leading and sharing research to the broader mathematics education community. Outside of her professional endeavors, Veronica is a mother to two young children and enjoys engaging in various outdoor activities with her family. From camping and hiking to hunting and fishing, Veronica and her family embrace the beauty of Idaho and even indulge in the unique experience of dog mushing with their 11 dogs.
