

RFP #20250428 ISU Teacher Kits Fall 2025

	RFP Section	Question	Response
1	General	Does the bid require us to work with an internal ISU contact to obtain nonprofit shipping rates, and then factor those rates into our submitted pricing?	Yes, ideally they would work with the ISU Mail Center to obtain the nonprofit shipping rates.
2	General	Does ISU plan to apply the addresses and indicia to the kits internally, or would you expect the awarded vendor to handle that as part of the fulfillment?	ISU would supply the address list, but would have the vendor apply the addresses and indicia.
3	General	In the event of a USPS price increase during the project window-unlikely given the time of year, but no impossible-how would ISU recommend we account for that in a fixed bid?	Please estimate the USPS price as accurately as possible. In the event, the prices fluctuate we will take that into consideration at the time of fulfillment.
4	General	Aside from the updated price targets, revised items, and the change in how kits are shipped, are we correct in understanding there are no other structural changes to the RFP?	No other structural changes at this time. If any changes are made to the RFP a notice of an amendment will be publicized.
5	2.1	Can we submit multiple levels/tiers of bids for different quantities and styles of kits?	Yes.
6	General	Will all the kits be ordered at once for us to hold and ship everything all at once per a mailing list?	Yes.
